REF: SBZPR19042012

Self-Build Zone support Government's Self Build Portal

For free and immediate distribution

The new online Portal which is a joint initiative between Government and the custom build housing industry is being launched at 10 Downing Street today and can be accessed at www.selfbuildportal.org.uk

The [National Self Build Association \(NaSBA\)](#) is a network of companies and individuals with the common aim of promoting self build (or custom build) as a form of housing delivery that can make a significant contribution to home building in the UK.

NaSBA brings together developers, architects, planners, financial and warranty providers, manufacturers, self-builders, community groups and local authorities to develop, share and promote best practice in self build. Working closely with the Government, NASBA published a detailed Action Plan to promote the growth of the UK self-build industry. The Government's Housing Strategy, published in November 2011, has, for the first time, endorsed and promoted self-building as a means of delivering volume housing. NaSBA set up the 'Self Build Portal' – the industry's first authoritative and independent guide to self-build.

Self-Build Zone providers of [site insurance and warranties](#) are proud supporters of the Scheme and have been involved directly from the launch of the Action Plan and subsequently as contributors to the Self Build Government-Industry Working Group which was tasked with pushing the plan forward. Self-Build Zone are a leading provider of site insurance, the 10 year structural warranty, buildings insurance, technical audits, building control services, health & safety to the self build, extension and home improvement marketplace.

[Site Insurance](#) is essential for anyone planning an extension, renovation, conversion or new build project. Self-Build Zone have several different site insurance options to protect your project during the build process, including flexible short term extendable policies as well as the traditional 2 year policy.

Self-Build Zone products include:

[Site Insurance](#)

[Buildings Insurance](#)

[Structural Warranty](#)

[Building Control Services](#)

[Renovation Insurance](#)

[Code for Sustainable Homes](#)

[SAP Energy Ratings](#)

[Air Pressure Testing](#)

[Sound Testing](#)

ENDS.
