

**PRESS RELEASE**

REF: DERPR13082013

13<sup>th</sup> August 2013

## **Business growth prompts office expansion for construction risk management firm**

For free and immediate distribution

[Derisk UK](#), the construction health and safety and [asbestos risk management](#) consultants, has opened an additional office, based in Dartford, Kent to deliver increased operational capacity within the South East.

The move follows the implementation of growth plans in 2013, where Derisk has increased their presence and foothold in the UK construction health and safety risk management sector; by expanding their asbestos consultancy capabilities, which includes asbestos surveying.

The Kent office is located at:

**Derisk (H&S) LLP**

**Schooner Park**

**Unit 24**

**Crossways Business Park**

**Dartford, Kent**

**DA2 6NW**

**Tel: 01322 276760**

**Email: [enquiries@deriskuk.com](mailto:enquiries@deriskuk.com)**

Derisk provide health and safety risk management services and real-world advice and guidance to duty holders operating predominantly within the UK construction, FM and housing markets.

Managing Director Marc Smith said:

*"The move is a really positive step for the business. In addition to the health and safety services we offer, we pride ourselves as niche specialists within the asbestos risk management specialist sector,*

*where we provide guidance and assistance in all aspects of managing asbestos in properties, through to overseeing and project managing asbestos abatement works on behalf of clients. Our new premises will add scope to our on-going expansion plans for the rest of 2013 and moving into 2014.”*

**ENDS.**
