### **About Swedish Stirling**

*Swedish Stirling is a Swedish clean tech company founded in 2008 with a mission to further refine the incomparable ability of Stirling technology to convert thermal energy to electricity. The company offers a variety of solutions enabling power generation at record-low prices compared to other climate-friendly and sustainable alternatives. Swedish Stirling's Stirling engine can handle a wide range of fuels. The company's latest product, the PWR BLOK 400-F, converts industrial residual and flare gases into electrical energy at a high rate of efficiency. The company's shares are listed in Sweden (on the NGM Nordic MTF), and can also be traded on the Börse Stuttgart in Germany. Read more at [www.swedishstirling.com](http://www.swedishstirling.com).*
