Sven Ljungberg, CCO Swedish Stirling, +46 (0)31 385 88 30, ir@swedishstirling.com.

About Swedish Stirling

Swedish Stirling AB is a Swedish clean tech company founded in 2008 with a mission to further refine the incomparable ability of Stirling technology to convert thermal energy to electricity. The company's latest product – the PWR BLOK 400-F – is a unique proprietary solution for recovering energy from industrial residual and flare gases and convert them to 100 % carbon-neutral electricity with high efficiency. The PWR BLOK is – according to independent certification – the cheapest way of producing electricity that exist today and gives greater CO₂ savings per invested Euro than any other type of energy source. The company's shares are listed in Sweden on the NGM Nordic MTF. Read more at www.swedishstirling.com
