About Swedish Stirling

Swedish Stirling AB is a Swedish clean-tech company founded in 2008 with a mission to further refine the incomparable ability of Stirling technology to convert thermal energy to electricity. The company's latest product – the PWR BLOK – is a unique proprietary solution for recycling energy from industrial residual and flare gases and converting these into 100% carbon-neutral electricity at high efficiency. According to an independent certification, the PWR BLOK is the cheapest way to generate electricity that exists today, yielding greater CO₂ savings per krona invested than any other type of energy. Swedish Stirling AB is listed in Sweden on Nasdaq First North Premier, with FNCA Sweden AB as certified advisor, +46(0)8-528 00 399, info@fnca.se. Read more at www.swedishstirling.com
