Biovica intends to undertake a directed new share issue of Class B shares

Biovica International AB (publ) ("Biovica" or the "Bolaget") today announces its intention to undertake a directed share issue of Class B shares of SEK 45-60 million to institutional investors. The Company has engaged Pareto Securities AB ("Pareto Securities") to investigate the conditions for a new issue of Class B shares through a so-called accelerated bookbuilding.

Biovica today announces its intention to carry out a directed new share issue of Class B shares of SEK 45-60 million, directed towards qualified investors in Sweden and internationally (the "Directed New Share Issue"). Biovica has engaged Pareto Securities to investigate the possibilities to conduct the Directed New Share Issue through a so-called accelerated bookbuilding.

The subscription price for the new Class B shares in the Directed New Share Issue is to be determined through an accelerated bookbuilding procedure, which will begin no earlier than 17:31 today, 9 April 2019, and end before the commencement of trading on Nasdaq First North at 09:00 10 April 2019. The bookbuilding procedure may, at the discretion of the Company or Pareto Securities, close earlier or later and may be cancelled at any time.

The reason for the deviation from the shareholders' preferential rights are mainly to diversify the shareholder base among Swedish and international institutional investors and at the same time raise capital in a time efficient manner. The Directed New Share Issue is carried out primarily to finance the preparations for the application (510k) to the FDA concerning a market approval in the US as well as to obtain reimbursement for DiviTum (reimbursement). In addition, the proceeds are intended to be used for sales and marketing activities in the US and Europe prior to the commercialization of DiviTum. The board of directors' assessment is that the subscription price in the Directed New Share Issue will be in accordance with market conditions, since it will be determined through an accelerated bookbuilding procedure.

The Directed New Share Issue is subject to the board of directors of Biovica resolving to issue new Class B shares following the completion of the bookbuilding procedure. Any such resolution by the board of directors will be subject to subsequent approval by an extraordinary general meeting.
