

It's Christmas Time

X-Mas Styles for Women

The Sophisticat underwear series' impressive features include its bold colors, elegant cuts and many enchanting details. The high-quality material ensures that the garment fits well and is comfortable to wear.

Skiny enhances the styles with an exciting mix of jacquard tulle and floral lacework. In the **padded bra**, the dot mesh over the cup continues directly into the straps. There is an exquisite underlay of tulle on the **thong** and **bikini briefs** to keep the styles opaque, yet to maintain the shine-through effect. The highlight is a **chemise** made from dot mesh with a lacy underlay around the cups. A small tag with a cat motif in rose gold adds a decorative touch. A plain black **kimono** goes perfectly with it.

X-Mas Styles for Men

The season to celebrate love is getting close, and here is the perfect gift idea: **boxers** and **cool socks** in a trendy cliff shade, decorated with details in **festive red**. The boxers in a cotton/elastane mix in exquisite single jersey quality boast a perfect fit and are very comfortable to wear. A sporty note is struck by the contrasting seams in bright red and in the elasticated waistband emblazoned with the Skiny wording all round. The socks with the **reindeer motifs** are an amusing styling edition for the festive season. The contrast range for Christmas features red inserts on the toes, heels and cuffs. The boxers and socks are available in a **gift box** as a **Christmas special**.
