

Press release  
Lund 26 May 2021

## Scandinavian ChemoTech AB has received approval for the CE marking

***Scandinavian ChemoTech has been informed that we have now reached the final step of our CE certification approval for the IQwave™ and its platform, Tumour Specific Electroporation (TSE) and will receive its certificate shortly.***

*“It is an important milestone that now has been reached. This unique and patented technology will be able to give cancer patients and physicians a new effective weapon in the fight against resistant cancer tumours. I would like to take this opportunity to thank the organisation that has worked hard to achieve this status of our system and method.” - says Mohan Frick, CEO Scandinavian ChemoTech AB*

### **Scandinavian ChemoTech AB (publ)**

ChemoTech is a Swedish medical technology company based in Lund that has developed a patented technology platform to offer cancer patients access to a new treatment alternative, Tumour Specific Electroporation™ (TSE), available for treatment of both humans and animals. There are a large number of cancer patients whose tumours for various reasons cannot be treated by conventional methods but where TSE can be a solution. Therefore, the company continuously evaluates new opportunities and areas of application for the technology. ChemoTech's shares (CMOTEC B) are listed on Nasdaq First North Growth Market in Stockholm and Erik Penser Bank is the company's Certified Adviser.
