3 April 2018 at 8.00 a.m. (UTC+3)

PEIKKO TO ACQUIRE THREADSURE® REBAR COUPLING BUSINESS IN AUSTRALIA

Peikko Group Corporation has acquired the business of companies Threadsure Connection Systems Pty Ltd. and Adjusta Pty Ltd of Australia. The purchase includes product rights, machinery, stocks and the on-going business. The key personnel will transfer to work for Peikko.

The companies have been Australian niche building products suppliers, focusing on rebar coupling systems sold to the major Australian contractors. The operations are based near Brisbane, in the state of Queensland. After the takeover, all Threadsure and Adjusta functions will be part of Peikko's legal entity, Peikko Australia Pty. Ltd.

"I am pleased that the Threadsure and Adjusta products will be developed further under Peikko. It has also been important to me that the existing team can fully continue its work to serve the clients in Australia, offering superior solutions in the field of rebar coupling systems.", says Gavin Weston, the seller of the business.

"Peikko has been present in Australia already since 2013. The acquired product range fits our offering well in the cast-in-situ market. For Peikko this is an excellent opportunity to scale up the team and operations in the competitive Australian market", summarizes Topi Paananen, CEO of Peikko Group Corporation.
