Kid ASA – Fourth Quarter 2025 Results

Lier, 11 February 2026: Kid Group, a leading home and interior retailer in the Nordics, announces its financial results for the fourth quarter of 2025.

HIGHLIGHTS FOR THE QUARTER INCLUDE:

- Revenues for the Group increased by 3.5% to MNOK 1,452.5, driven by higher sales in Norway
- Gross margin remained unchanged at 61.2%
- OPEX increased by 14.1%, impacted by increased marketing activities, ramp-up of the new warehouse combined with currency effect, partly offset by lower bonus accruals
- EBITDA decreased by MNOK 24.6 to MNOK 439.9
- Net income impacted by non-recurring items related to warehouse transition (approx. MNOK 5) and temporary elevated operating expenses due to inefficiency (approx. MNOK 8)
- Proposed half-year dividend payment of NOK 2.50 per share, payable in May 2026.

“Kid Group reports revenues of MNOK 1,452.5 in Q4 2025, supported by steady development in Kid Interior, continued momentum in our focus categories, and strong performance in seasonal assortments. The ramp-up of our new common warehouse in Sweden temporarily increased costs and impacted revenues this quarter. The warehouse effects are short-term, and I am confident that the new Group warehouse will become a key strategic platform that strengthens efficiency, scalability and our long-term competitive position. We remain well positioned for continued profitable growth”, says Marianne Fulford, CEO of Kid ASA.

The results will be presented in English at 08:30 CET by CEO Marianne Fulford and CFO Mads Kigen as a live webcast hosted by Sparebank 1 Markets. A recorded version of the webcast will be made available at <http://investor.kid.no>.
