The board of directors and the managing director propose that the accumulated losses are carried forward. The board of directors proposes that no dividend will be paid for 2019.

Item 17 – Nominating committee

The board of directors of the Company proposes that the annual general meeting (“AGM”) adopt the following guidelines for the nominating process. The shareholder, based on statistics from Euroclear Sweden AB, which holds the largest number of shares and voting rights as of August 31, 2020, will after consultation with the three next biggest shareholders appoint a nominating committee of three persons. The composition of the nominating committee will be published at the latest in the Interim Report for the third quarter of 2020. The nominating committee’s task is to present proposals to the AGM regarding the number of the directors and deputies, the composition of the board and the fees payable to the directors and special fees payable for committee assignments, if any. Further, the nominating committee will present proposals for the chairman of the board and the chairman to preside at the AGM and on the auditors and their fees. The chairman of the nominating committee is appointed by the nominating committee. The mandate period of the nominating committee lasts until a new nominating committee has been appointed. If a member of the nominating committee leaves the nominating committee before its task has been completed or if a material change occurs in the ownership structure of the Company after the appointment of the nominating committee, the nominating committee’s composition will be changed in accordance with the above principles. Changes in the composition of the nominating committee will be published on the Company’s website. The nominating committee’s proposals will be publicly announced in connection with the publication of the notice of the AGM. In connection with its assignment the nominating committee will fulfil the duties incumbent on it according to a company’s nominating process as stated in the Swedish Code of Corporate Governance. At the request of the committee the Company will provide personnel resources, such as a secretarial function for the nominating committee to facilitate the work of the nominating committee. Where needed the Company will also bear reasonable costs for external consultants, which are deemed necessary by the nominating committee to fulfil its task.

Item 18 - Guidelines for compensation to management

The board of directors proposes principles for remuneration and other employment terms consistent with the guidelines adopted at the AGM in 2019.

The proposal mainly involves that the Company will offer its executives market-based remuneration, which will enable the Group to recruit and retain qualified employees. With senior management and senior executives are meant the managing director and other members of the management. The remuneration may consist of the following components (i) fixed base salary, (ii) variable compensation, (iii) pension benefits and (iv) other customary benefits. The variable remuneration will be paid based on performance goals achieved by the Company as a whole and performance targets for the individual employee. The variable salary will be maximized to 25 per cent of the fixed salary. Pension benefits should be premium-based and may reach 20 per cent of the base salary. The board of directors may diverge from the above principles if special reasons apply in an individual case.

Item 19 – Approval of the Board’s resolution to issue new shares

The Board of Directors proposes that the AGM approves the Board's resolution of 27 February 2020 on a new issue of shares with preferential rights for the shareholders of approximately SEK 60 million as follows.

The Board of Directors, or the person appointed by the Board within it, is empowered to decide by 1 April 2020 at what amount to increase the company's share capital, the number of shares to be issued and the amount to be paid for each new share.

The company's shareholders have preferential rights to subscribe for shares. The record date for participation in the rights issue with preferential rights is 14 April 2020.

Subscription of shares with preferential rights shall take place during the period from 16 April 2020 to 5 May 2020. Subscription of shares supported by subscription rights shall be made through simultaneous cash payment. Subscription of shares without support of preferential rights shall be done by subscribing on subscription lists within the time specified above in this paragraph, whereby payment for any allotted shares shall be paid no later than the third banking day after the notification of allotment has been sent to the subscriber. The Board shall have the right to extend the subscription period and the time within which payment shall be made.

Should not all shares be subscribed for with subscription rights, the board of directors will decide on allocation of shares subscribed for without subscription rights. Allocation will then be made firstly to those who have subscribed with subscription rights, regardless whether the subscriber was a shareholder on the record date or not, and, in case of over-subscription, in relation to the number of subscription rights used for subscription and, if this is not possible, by drawing of lots. Secondly, allocation will be made to others who have subscribed for shares without subscription rights and, if they cannot receive full allocation, in relation to the number of shares notified for subscription by each one of them, and, if this is not possible, by drawing of lots. Lastly, any remaining shares shall be allocated to the underwriters who have undertaken to subscribe for shares. Allocation shall in such case be made in accordance with such underwriting agreements.

The new shares shall entitle to dividends for the first time on the record date for dividends which occurs nearest after registration of the shares in the share register kept by Euroclear.

The Managing Director, or the person appointed by the Managing Director, is authorized to make the minor changes in the decision that may prove necessary in connection with the registration of the decision with the Swedish Companies Registration Office or Euroclear.

Item 20 – Authorization for the board to issue new shares, issue of warrants and/or convertibles

The board of directors proposes that the AGM decides to authorize the board during the period until the next AGM to issue new shares, issue of warrants and/or convertibles, on one or more occasions and with or without preferential rights for the shareholders. Board resolutions under this authorization may result in a maximum dilution of twenty (20) per cent of the total number of shares outstanding at the time of the first board resolution in accordance with this authorization. The decision may provide for that the newly issued shares, warrants or convertible bonds could be paid in assets contributed in kind, by set-off or otherwise characterized by conditions pursuant to Chapter 13, Section 5, first subparagraph 6, Chapter 14, Section 5, first subparagraph 6 or Chapter 15, Section 5, first subparagraph 4 of the Swedish Companies Act.
