ÅF signs framework agreement with FMV

ÅF has signed a new framework agreement with the Swedish Defence Materiel Administration, FMV. The contract relates to the specialist technical areas of Procurement Specifications, Technical Investigations and Project Planning.

ÅF is the sole service provider of consulting services in these three areas, which FMV has estimated will constitute a total volume of 77,000 hours over two years.

The framework agreement runs for two years with an option to extend the contract for a further two years.

ÅF has approximately 200 consultants who specialise in defence industry contracts. This makes ÅF one of the leading technical consulting companies in this field.
