ChromoGenics received an order of 760 000 SEK from AMF Fastigheter.

**ChromoGenics has received an order for ConverLight to a value of 760 000 SEK from AMF Fastigheter. The order is for large façade windows for Kv. Oxen in Stockholm City.**

AMF Fastigheter are choosing ChromoGenics solution as they want to avoid using external solar protection on the property. SMK Entreprenad AB is general contractor for the project.

"We are very happy to get AMF Fastigheter as a customer. It shows that we are broadening our customer base and that we are winning an increased trust in the market for our solutions, says CEO Jerker Lundgren.

#### **About ChromoGenics**

ChromoGenics offers dynamic glass with controllable heat- and light transmission and static glass with world leading performance. The company's unique technology ConverLight® provides sustainable solar control for increased indoor comfort and energy efficiency. ConverLight also contributes to Green Building certifications. In 2016 the company started commercial sales to real estate projects in Scandinavia.

ChromoGenics is located in Uppsala, Sweden, and the technology is derived from the world leading research center at Ångström Laboratory at Uppsala University. The plant has been partly financed by a conditional loan from the Swedish Energy Agency. ChromoGenics share (CHRO) is listed on Nasdaq First North Stockholm with G&W Fondkommission as Certified Adviser.
