

## ChromoGenics signs framework agreement with Humlegården.

**ChromoGenics has signed a framework agreement for the next 2 years with Humlegården Real Estate. The parties will continue to develop innovative and environmental friendly window solutions with a common goal to reduce the energy consumption with 25% in the properties.**

"We are very proud that Humlegården Real Estate has chosen to sign a framework agreement with ChromoGenics and we look forward to be able to support them in order to obtain energy-efficient and environmentally friendly window solutions with the highest possible comfort for their tenants," says CEO Jerker Lundgren.

### About ChromoGenics

ChromoGenics offers dynamic glass with controllable heat- and light transmission and static glass with world leading performance. The company's unique technology ConverLight® provides sustainable solar control for increased indoor comfort and energy efficiency. ConverLight also contributes to Green Building certifications. In 2016 the company started commercial sales to real estate projects in Scandinavia.

ChromoGenics is located in Uppsala, Sweden, and the technology is derived from the world leading research center at Ångström Laboratory at Uppsala University. The plant has been partly financed by a conditional loan from the Swedish Energy Agency. ChromoGenics share (CHRO) is listed on Nasdaq First North Stockholm with G&W Fondkommission as Certified Adviser.
