

## Fastpartner, new customer to ChromoGenics via an order of SEK 160,000

**ChromoGenics has received an order of 160.000 SEK from property owner Fastpartner. The order is upgrade of windows for Tensta Centrum.**

Fastpartner is investing in a solution from ChromoGenics to avoid installing exterior solar protection solutions that blocks the outside view.

“We are proud to have received Fastpartner as a new customer. To get new customers that are willing to invest in us and our solutions is both positive and important for us. We are continuing to increase our customer base and are gaining trust in the market”, says CEO Jerker Lundgren.

### About ChromoGenics

ChromoGenics offers dynamic glass with controllable heat- and light transmission and static glass with world leading performance. The company's unique technology ConverLight® provides sustainable solar control for increased indoor comfort and energy efficiency. ConverLight also contributes to Green Building certifications. In 2016 the company started commercial sales to real estate projects in Scandinavia.

ChromoGenics is located in Uppsala, Sweden, and the technology is derived from the world leading research center at Ångström Laboratory at Uppsala University. The plant has been partly financed by a conditional loan from the Swedish Energy Agency. ChromoGenics share (CHRO) is listed on Nasdaq First North Stockholm with G&W Fondkommission as Certified Adviser.
