ChromoGenics receives an order worth SEK 850 000.

**ChromoGenics has received an order from the construction company Kungsjö regarding performance glass to an exclusive villa property which is located in Vallentuna outside Stockholm.**

“We are very pleased that the property owner has prioritized investing in performance glass. The property will have a comfortable indoor climate all seasons and it also contributes to a more sustainable future. It is also exciting to see the demand from this market segment”, says ChromoGenics CEO Jerker Lundgren.

**About ChromoGenics**

ChromoGenics offers dynamic glass with controllable heat- and light transmission and static glass with world leading performance. The company's unique technology ConverLight® provides sustainable solar control for increased indoor comfort and energy efficiency. ConverLight also contributes to Green Building certifications. In 2016 the company started commercial sales to real estate projects in Scandinavia.

ChromoGenics is located in Uppsala, Sweden, and the technology is derived from the world leading research center at Ångström Laboratory at Uppsala University. The plant has been partly financed by a conditional loan from the Swedish Energy Agency. ChromoGenics share (CHRO) is listed on Nasdaq First North Stockholm with G&W Fondkommission as Certified Adviser e-mail: [ca@gwkapital.se](mailto:ca@gwkapital.se), tel.: +46 (0) 8 503 000 50.
