

ChromoGenics

ChromoGenics receives new orders totaling approximately SEK 1.1 million

5th October 2021

ChromoGenics receives a new order for ConverLight® Static of approximately SEK 1.1 million from, among others, Humlegården.

The orders include upgrading by replacing glass in existing windows in two office properties in Solna with ConverLight® Static. With this upgrade, improved protection against solar heat radiation, a high insulation value and improved noise reduction are obtained. For the property owner, the measure means lower operating costs and better comfort for the tenant. Delivery is planned before the end of the year.

"We are very pleased that Humlegården once again shows us confidence and chooses to upgrade properties in its portfolio with ConverLight® glass and technology from ChromoGenics. It is always gratifying that we can support the recycling of materials in real estate. " says Fredrik Fränding, CEO of ChromoGenics.

This statement has been made in a Swedish and English version. In the event of any discrepancies between the Swedish and English text, the Swedish text shall prevail.

About ChromoGenics

ChromoGenics is a proptech company that produces dynamic glass for real estate. The company's product ConverLight® Dynamic, controls indoor comfort with high daylight transmission, great view and solar heat blocking and thereby reduces cost of cooling. ConverLight® Dynamic is based on a patented solution where electrochromic coatings are laminated in plastic film and then laminated between glass. The plastic film is easy to transport, so long shipments of bulky glass can be avoided. ChromoGenics also offers static glass, ConverLight® Static, and the ConverLight® Energy facade glass solution. ChromoGenics' stock was listed on Nasdaq First North Growth Market in 2017 and has supplied glass technology to several major real estate companies.

ChromoGenics originates from world-leading research at Ångströmlaboratoriet at Uppsala University. The company's production facility in Uppsala has been partially financed with conditional loans from Energimyndigheten (Energy Authority) in Sweden. ChromoGenics' share (CHRO) is listed on Nasdaq First North Growth Market with Erik Penser Bank as Certified Adviser: certifiedadviser@penser.se, 08-463 83 00.
