3) 2014 years numbers are adjusted for change in calculations, e.g. terminated staff in "Futurum" are no longer included.

The report comments on developments in April-June and January-June 2015, respectively, compared to the same periods in 2014 unless otherwise stated.

## CEO COMMENTS

CONTINUED FOCUS ON SERVICE OFFERINGS AND LONG-TERM PROFITABILITY
E-commerce displays strong growth, while mail volumes continue to fall, especially in Denmark. Implemented restructuring programs improve profit.

During the quarter PostNord signed several major contracts in the area of parcel distribution, both in B2B and B2C, as well as a significant contract with the COOP chain of cooperative association supermarkets in Denmark regarding the distribution of direct mail. About a third of the new agreements that we enter into are in the e-commerce segment, which is continuing to grow strongly, and B2C parcel volumes rose by 17\% during the quarter.

During the quarter PostNord expanded its strategic cooperation with the international network DPDgroup, which is the second largest service provider in the European parcel market. The core of the expanded cooperation comprises a powerful B2C strategy, which will link PostNord's and DPDgroup's distribution networks, thereby creating a harmonized system with service points at 26,000 locations in Europe.

PostNord entered into an agreement to acquire the company Uudenmaan Pikakuljetus Oy (UPK) in Finland. This deal reinforces PostNord Finland's position in logistics solutions.

In the wake of continued digitization, mail volumes continued to decline, especially in Denmark. In total, mail volumes declined by $9 \%$ in the quarter, of which $15 \%$ in Denmark and $7 \%$ in Sweden. It is vital that amendments to the postal regulations should be based on the continually changing needs of customers so that a universal postal service can be maintained in the long term under reasonable economic conditions.

In late April the Court of Justice of the European Union announced its verdict that postal services not covered by individually negotiated agreements are to be VAT-exempt. PostNord is now awaiting ongoing amendments to Swedish VAT legislation. This may entail an increase in costs for PostNord due to a reduced right to deductions for input VAT.

The Group's adjusted operating income in Q2 totaled SEK 33m (-30). For H1 the Group's adjusted operating income amounted to SEK 345m (76). The result is adjusted for a capital gain and an impairment loss totaling SEK $470 \mathrm{~m}(0)$, net. The restructuring work that we have implemented is having the intended effect on the result.

With rapidly declining mail volumes we face major challenges, but we are concurrently strengthening our position as a leading logistics operator. Continuous efficiency improvements and adaptations are, however, essential to secure long-term profitability. With a great focus on customers we will deliver on our promises.

Håkan Ericsson<br>President \& Group CEO

## IMPORTANT EVENTS IN APRIL-JUNE

## Verdict of the Court of Justice of the European Union on charging VAT

Late April saw the verdict of the Court of Justice of the European Union on the case brought by the European Commission against the Swedish State for non-compliance with EU rules regarding value added tax on postal services. The verdict went in the Commission's favor, with the result that universal postal services not covered by individually negotiated agreements are to be VAT-exempt. For PostNord, this may entail higher costs because paid VAT for business-related costs, concerning VAT-exempt operations, will not be VAT deductible. PostNord will charge VAT according to applicable legislation while awaiting any amendments to Swedish VAT legislation.

Annual General Meeting 2015
PostNord's Annual General Meeting (AGM) took place on April 23, 2015 at the Group's headquarters in Solna. The Chairman and all Board members were re-elected and the accounting firm KPMG AB was re-appointed to serve in the period until the end of the next AGM.

New managing director for the pension foundation, "Postens Pensionsstiftelse"
On June 1, 2015 John Vivstam took up the position as the new managing director of the pension foundation, Postens Pensionsstiftelse, as Dag Hasslegren retired. The foundation manages and secures pension obligations for the PostNord Group AB and PostNord Sverige AB companies. On June 30, 2015 the market value of the assets in the pension foundation stood at SEK 18.9 billion. The pension liability in the PostNord Group amounted to SEK 18.4 billion.

## Evaluation of conditions for a possible divestment of the Strålfors business

A possible divestment of the Stralfors business continues to be evaluated. The major part of the fulfilment business operated by Strålfors has been transferred to PostNord Sweden and will not be affected by any divestment.

In May Annemarie Gardshol, Chief Strategy Officer and Head of E-commerce, was appointed acting CEO of PostNord Strålfors as Per Samuelsson has left the company.

Divestment of property in Denmark
A property in central Copenhagen was divested for a purchase consideration of DKK 925m at the end of June, which resulted in a capital gain of SEK 500 m . In conjunction with the transaction, a property loan of SEK 665 m was taken over by the buyer. Cash and cash equivalents of SEK 499 m were settled in July 2015

## Agreement to acquire the company Uudenmaan Pikakuljetus Oy (UPK) in Finland

PostNord Oy has entered into an agreement to acquire Uudenmaan Pikakuljetus Oy (UPK) from DSV Road Oy. The deal considerably strengthens PostNord's position in Finland within domestic parcel transportation, scheduled deliveries, logistics solutions for healthcare and e-commerce and temperature-controlled transport services. The transaction was approved by the Finnish Competition and Consumer Authority in the beginning of August.

## GROUP SALES AND EARNINGS

April-June
Excluding acquisitions and exchange rate effects, PostNord's net sales decreased by $3 \%$. As a result of continued digitization, mail volumes declined by a total of $9 \%$, of which $15 \%$ in Denmark and $7 \%$ in Sweden. E-commerce continued to show strong growth, generating higher volumes in goods distribution of mail and parcels. The Group's parcel volumes increased by $12 \%$, with e-commercerelated B2C parcel volumes rising 17\%. Parcel volumes are increasing, but cannot fully compensate for the declining mail volumes on net sales level.

The Group's adjusted operating income totaled SEK 33m (-30) and the operating margin was $0.3 \%$ (-0.3). The improvement is attributable to implemented efficiency programs.

The Group's reported operating income totaled SEK 503m (-30). The operating margin was $5.2 \%(-0.3)$. The result includes items affecting comparability, net, totaling SEK 470m (0), of which SEK 500 m comprises a capital gain from divestment of a property in Denmark and SEK 30m comprises impairment loss on the interest held in the Eson Pac Group AB.

Net financial items decreased to SEK -48 m (-32) and were mainly impacted by lower interest income and in certain countries negative deposit interest rates. The tax expense for the quarter was SEK $-65 \mathrm{~m}(-14)$. Net income totaled SEK $390 \mathrm{~m}(-76)$.

## January-June

Excluding acquisitions and exchange rate effects, PostNord's net sales decreased by 2\%. Mail volumes declined by a total of $8 \%$, of which $15 \%$ in Denmark and $6 \%$ in Sweden. Parcel volumes increased by $13 \%$, with e-commerce-related B2C parcel volumes rising $17 \%$.

The Group's adjusted operating income reached SEK 345 m (76). The result has been adjusted for items affecting comparability of SEK 470 m , net, ( 0 ) during Q2. The improvement is mainly attributable to implemented restructuring programs, but Q1 2014 also included a provision for restructuring costs of SEK 157 m related to the new organization.

The Group's reported operating income totaled SEK 815m (76). The operating margin was $4.1 \%$ (0.4). Net financial items reached SEK -70m (-53), and H1 tax totaled SEK -152m (1). Net income totaled SEK 593m (24).

## FINANCIAL POSITION ON JUNE 30, 2015

The Group's equity increased to SEK 9,421m from SEK 7,637m on March 31, 2015. The increase primarily comes from revaluation of pension obligations and pension assets under management totaling SEK $1,489 \mathrm{~m}$, net, and net income of SEK 390 m as well as translation differences of SEK 96 m . Revaluation of the pension liability was made with a higher discount rate following the higher interest rate level in the Swedish mortgage bond market.

The Group's net debt decreased by SEK 2,370m during the second quarter. The decline is mainly attributable to the aforementioned revaluation of the pension liability as well as the fact that a SEK 665 m property loan was taken over by the buyer in conjunction with a divestment.

The debt ratio (net debt/equity) was $8 \%$, compared to $41 \%$ on March 31, 2015. The net debt/EBITDA ratio (trailing 12-months) was 0.3.

Return on capital employed (trailing 12-months) reached 9.4\% (4.3). The improvement includes cost efficiency measures and the quarter's capital gain, while earlier periods have been burdened with restructuring costs

PostNord is implementing capital efficiency programs in two areas: reducing working capital and divesting parts of the property portfolio. A property in central Copenhagen was divested for DKK 925 m during the quarter, resulting in a capital gain of SEK 500 m . The buyer took over a property loan of SEK 665 m in conjunction with the transaction, and PostNord repaid the remaining Ioan amount of SEK 87m. Cash and cash equivalents of SEK 499m were settled in July 2015.

During the quarter SEK 540 m was repaid under the company's MTN bond program.

The Group's financial preparedness totaled SEK 3,445m, compared to SEK 4,466m on March 31, 2015. The total consisted of cash and cash equivalents of SEK $1,445 \mathrm{~m}$ and an unutilized revolving credit facility (RCF) of SEK 2,000m maturing in 2017.

## CASH FLOW

April-June
Cash flow from operating activities totaled SEK -127 m (120). Cash flow was negatively affected mainly by the fact that outgoing payments of about SEK 300m related to the first quarter were deferred until the second quarter 2015

Cash flow from investing activities totaled SEK -208m (-467). Investments in property, plant and equipment have decreased to a lower level since construction work of terminals in Sweden have been completed and tighter investment governance has been adopted. The investments primarily related to vehicles in production and equipment for transportation and sorting. In July 2015 PostNord received proceeds of SEK 499m attributable to the property sale.

Cash flow from financing activities totaled SEK -682m (426). During the period SEK 540 m was repaid under the company's MTN bond program, and SEK 87 m of a property loan was repaid in conjunction with the divestment of a property.

## January-June

Cash flow from operating activities totaled SEK 1,013m (-349). The improvement compared to the previous year is mainly because Q1 2014 was mainly affected by payment deferrals at the turn of the year 2013/2014 and higher operating liabilities during H1 2015 - mainly related to accrued expenses and deferred income.

Cash flow from investing activities has, according to plan, dropped down to a lower level and amounted to SEK -463m (-930). The lower level has been achieved because the new terminals in Sweden are complete and tighter governance of investing activities has been adopted.

Cash flow from financing activities totaled SEK -946m (371). During H1 a property loan was taken over in conjunction with the divestment of a property; bond loans under the MTN program and commercial paper were repaid.

## April-June

PostNord Sweden's net sales were unchanged. Mail and parcel volumes related to e-commerce showed positive growth. Mail \& Communication in Sweden, reported a decrease of 5\% in sales as the result of a $7 \%$ decline in mail volumes. Sales for Logistics in Sweden increased 4\%, above all as a result of higher parcel volumes and new customer contracts.

Operating income totaled SEK 173m (101). The positive increase in the result is mainly attributable to implemented efficiency improvements.

## January-June

PostNord Sweden's net sales were unchanged. Mail \& Communication in Sweden reported a decrease of $4 \%$ in sales as the result of a $6 \%$ decline in mail volumes. Goods distribution showed growth and had a positive impact on sales. Sales for Logistics in Sweden increased 5\%, mainly due to higher parcel volumes and new customer contracts won

Operating income totaled SEK 401m (173). The improvement is mainly due to implemented efficiency measures, but also reflected the fact that Q1 of 2014 included provisions for restructuring costs of SEK 105m.

## April-June

PostNord Denmark's net sales were down 2\%. Excluding acquisitions and exchange rate effects, net sales decreased by $5 \%$ as a result of declining mail volumes, falling numbers of direct mail recipients and prevailing tough competition in the logistics industry. Excluding exchange rate effects, Mail \& Communication in Denmark declined by $10 \%$ as a result of a $15 \%$ fall in mail volumes. Logistics in Denmark increased by 4\%, excluding exchange rate effects, thanks to higher parcel volumes and new customer contracts in service logistics.

Adjusted operating income totaled SEK -202m (-193). The income was primarily affected by the steep decline in mail volumes. A property in central Copenhagen was divested for DKK 925m during the quarter, resulting in a capital gain of SEK 500 m .

## January-June

PostNord Denmark's net sales were down 1\%. Excluding acquisitions and exchange rate effects, net sales fell by 5\%. Excluding exchange rate effects, Mail \& Communication in Denmark declined by $10 \%$ as a result of a $15 \%$ fall in mail volumes. ## April-June

PostNord Norway's net sales decreased by 2\%. Excluding acquisitions and exchange rate effects, net sales fell by $3 \%$. Growth in the e-commerce market remains strong, but the tough price competition in logistics is holding back both sales and profitability. Operating income totaled SEK -5m (13).

The transport and logistics company Jetpak Borg AS was acquired and financially consolidated first of May to add customized solutions for overnight long-distance deliveries to car dealers, workshops and similar segments in Norway. Jetpak Borg's unique distribution system provides nightly longdistance shipments from centralized warehouses in Scandinavia to more than 500 recipients in Norway. The company has annual sales of approximately NOK 120 m .

January-June
During H1 PostNord Norway's net sales increased by 1\% year-on-year. Excluding acquisitions and exchange rate effects, net sales were unchanged. Growth in the e-commerce market remains strong, but the tough price competition in logistics is holding back both sales and profitability. Operating income totaled SEK 6 m (26).

The figures for PostNord Strålfors have been restated for 2014 to reflect that the majority of its fulfilment business has been transferred to PostNord Sweden.

Net sales for PostNord Strålfors decreased by 1\%. Excluding acquisitions and exchange rate effects, net sales fell by $3 \%$.

Reported operating income totaled SEK $8 \mathrm{~m}(-8)$. The improvement is mainly attributable to implemented cost-cutting programs. The process concerning a possible divestment of Strålfors continues.

In May Annemarie Gardshol, Chief Strategy Officer and Head of E-commerce, was appointed acting CEO of PostNord Strallfors since Per Samuelsson has left the company.

January-June
Net sales for PostNord Strålfors increased by $1 \%$. Excluding acquisitions and exchange rate effects, net sales fell by $1 \%$.

Operating income totaled SEK 34m (-7). The improvement was mainly due to cost-cutting programs implemented, but also reflected the fact that the first quarter of 2014 included a provision for ongoing restructuring.

Net sales are primarily related to Direct Link. In Q2 an impairment loss of SEK 30m was recognized on the interest held in Eson Pac Group AB.

Common notes applicable to the financial tables in the above section:

1) Division into geographic areas is principally based on registered corporate domicile.
2) All figures are adjusted in line with the new organization and Group overheads are charged to all countries, but not PostNord Strålfors. See Note 2, Segment reporting
3) Change excluding acquisitions/divestment within operational activities and exchange rates.
4) As of 2015 a new definition for operating margin is applied (operating income as a percentage of net sales). Comparative periods have been restated. See Note 7, Definitions
5) Adjusted for items affecting comparability. See Note 7, Definitions
6) Including Logistics operations in Germany.

## NOTES TO FINANCIAL STATEMENTS

## Note 1 Accounting principles

The consolidated financial statements were prepared in accordance with International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board (IASB), together with interpretation statements from the International Financial Reporting Interpretations Committee (IFRIC), to the extent that they have been approved by the European Commission for application within the European Union. In addition to IFRS, additional rules from the Swedish Annual Accounts Act and the Swedish Financial Reporting Board's RFR 1, Supplemental Financial Statements for Groups, were also applied. PostNord Group's interim report is prepared in accordance with IAS 34, Interim Financial Reporting, and with supplementary rules from the Annual Accounts Act. The same accounting principles and methods of calculation were used in this interim report as in the 2014 Annual and Sustainability Report.

The parent company applies the Annual Accounts Act and RFR 2, Accounting for Legal Entities; in effect, the same accounting principles as the Group. The differences between the parent company's and the Group's accounting principles result from the parent company's limitations in applying IFRS as a consequence of the Annual Accounts Act and the Act on Safeguarding of Pension Commitments, and are to some extent based on tax considerations. The same accounting principles and methods of calculation were used in this interim report as in the 2014 Annual and Sustainability Report.

## Note 2 Segment reporting

PostNord's organization into business areas is based on the manner in which PostNord is governed and activities are reported to management. Market pricing applies to internal dealings between PostNord business areas. There is no latitude for making external purchases where the service in question is available internally. In PostNord's operational structure, though not in its legal structure, cost distribution of corporate shared service functions is at cost price. From 2015 the financial reporing apply the new organization with segments per country division. Numbers for 2014 are restated for comparability.

## Countries (see Countries section)

Countries are divided into the following country organizations: PostNord Sweden, PostNord Denmark (incl. Germany), PostNord Norway, PostNord Finland, PostNord Strålfors and Other countries. The countries market and sell the business areas' end-to-end solutions within the Nordics.

PostNord Sweden offers mail- and logistic solutions as well as e-commerce at the Swedish market and is also responsible for PostNord's fulfilment business .

PostNord Denmark offers mail- and logistic solutions as well as e-commerce at the Danish market and is also responsible for PostNord's e-commerce and logistics business in Germany.

PostNord Norway and Finland offer mail- and logistic solutions as well as e-commerce at the Norvegian and Finnish market respectively.

PostNord Stralfors operates in the area of information logistics. The company develops and offers communication solutions that create stronger, more personal customer relationships for companies that have large customer bases.

Other comprises business outside the countries served by the segment, shared services and corporate functions including the parent company and Group adjustments. The adjustments are IFRS adjustments regarding pensions in accordance with IAS 19, Employee Benefits, and finance leasing in accordance with IAS 17, Lease Agreements. From Other, service costs for shared services and corporate functions are allocated to the countries. Cost allocations are taken up as income in Other under Other Income, Internal. Within the countries, cost allocations are recognized in Other Expenses.

Eliminations comprise the elimination of internal transactions.

Business segments (see Business Areas section)
Business area Mail \& Communication provides distribution solutions in the communication market for physical and digital mail, direct mail and newspaper services, as well as facility management services.

Business area Logistics offers logistics services in the areas of parcels, express and messaging, consignment freight, mixed cargo, thermal, Air \& Ocean and third-party logistics. Business area Logistics has a comprehensive offering and distribution network for businesses and retail customers in the Nordic market.

PostNord Strålfors operates in the area of information logistics. The company develops and offers communication solutions that create stronger, more personal customer relationships for companies that have large customer bases.
