***Exel Composites in brief***

*Exel Composites, a global technology company headquartered in Finland, is the world's largest manufacturer of pultruded and pull-wound composite products. Our global manufacturing, R&D, and sales footprint serves customers across a broad range of industries and applications. With 60 years of composites experience and engineering expertise, we work closely with our customers to design and manufacture high quality composite products using carbon fiber, fiberglass, and other high-performance materials. Our composites help reduce weight, improve performance, and decrease total life cycle costs, all while helping increase energy efficiencies and supporting environmental sustainability.*

*Exel Composites employs approximately 650 innovative and customer-focused employees around the world and is listed on the Nasdaq Helsinki exchange. To find out more about our offering and company please visit [www.exelcomposites.com](http://www.exelcomposites.com).*
