

Dutch order for InCoax's legacy solution

InCoax receives order for InCoax's IP over coax legacy solution from Ntiz B.V.

[Ntiz B.V.](#), in The Netherlands, has placed an order for additional products to support their continuous demand for InCoax IP over coax products. The order is worth 7,3 kEURO and will be delivered in April.

"This order proves the continuous demand for our legacy portfolio which addresses both the currently installed customer base, but also new opportunities where a robust and cost-efficient IP over coax solution is the best alternative to extend broadband services where gigabit services are not required." says Peter Carlsson, CEO.
