About the conferences:

[Biotech and Money Inv€\\$tival showcase](#), November 14, London UK

Biotech and Money connects corporates to capital, and the Inv€\$tival Showcase in partnership with Jefferies presents the latest investable private and public life science opportunities to our growing investor network and that of Jefferies LLC.

[Jefferies Healthcare conference](#), November 15-16, London UK

Now in its eighth year, the Jefferies Conference is the largest healthcare-dedicated conference in Europe. This year, we hosted 350 participating companies, 1,400 attendees and 3,400 investor and business-to-business meetings. The event featured leading public and private companies from the pharmaceuticals, biotechnology, generics, consumer health, animal health, medical technology and healthcare services sectors from the United States, Europe, Africa, Middle East, Latin America, Russia, India, Israel, China and Japan.

About Vicore Pharma Holding

Vicore Pharma develops drugs that act through the AT2 receptor. The company's drug candidate C21 aims to improve the treatment of idiopathic pulmonary fibrosis, a rare disease for which C21 has been granted orphan drug designation both in the EU and the US. In addition, C21 is explored pre-clinically in a number of rare diseases where the AT2 receptor plays an important role. Vicore Pharma is based in Astra Zeneca's Bioventurehub in Mölndal. The company's share (VICO) is listed for trading on Nasdaq First North in Stockholm with Erik Penser Bank as Certified Adviser. For more information, see www.vicorepharma.com
