**Faberge wins Best Interim Report award**

**Faberge wins Best Interim Report award in Sweden as part of the competition arranged by Kanton and the Swedish Association of Share Investors to determine the Companies of the Year among those listed on Nasdaq Stockholm.**

**Rationale underlying the Swedish Association of Share Investors' and Kanton's decision:**

“With 18 points out of a possible total of 18, Faberge wins the Best Interim Report of 2014 competition. The company's interim report is well structured and the information presented is both relevant and easily accessible. Factors to which we paid particular attention were an excellent Comments by the CEO section, an exhaustive description of the company and its operations and an easy-to-grasp quarterly overview.”

“We are delighted to have received this award and it gives us new energy in our continued work to achieve continuous improvements,” comments Elisabet Olin, Director of Communications at Faberge.

Faberge AB (publ)
