

Enersize participates at the Traton Innovation Expo in Södertälje on October 2, 2019

Enersize Oyj ("Enersize" or "The Company") today announces that the Company will participate in Innovation Expo in Södertälje on October 2, 2019. The event is organized by Traton Group SE, which since September 2018 is the name of Volkswagen's heavy trucks and bus division. It is a wholly owned subsidiary of Volkswagen AG. Traton Group SE mainly includes vehicles under the MAN and Scania brands.

Enersize has been invited to participate in the event as Traton wants to highlight Enersize's collaboration with Scania and promote Enersize's unique product concept. The background to this collaboration and the invitation to the event is that Scania Growth Capital has previously invested in Enersize. At the event, Enersize will showcase its technology and how it works within the collaboration with Scania. Innovation Expo is open to journalists and industry analysts.

Brief information about Enersize

*With its proprietary patent-pending automated software, **Enersize Q+** for leakage management, data collection and analysis, Enersize can provide 10-50% energy savings in industrial compressed air systems. With **Enersize Enterprise**, the customers can measure and monitor several factories centrally. Through the recently acquired **Enersize LEAQS** system, the company has access to more than 9000 leakage management projects, and the associated more than 4000 customers worldwide. The combination of the company's software services can increase the customer's savings in running projects, while generating direct license and project revenue. 90% of the manufacturing industry uses compressed air, which constitutes about 2% of the world's total electricity consumption. Among Enersize's existing customers are one of the world's largest manufacturers of flat screens and well-known car manufacturers and steel mills. The company is headquartered in Helsinki, have a sales office in Gothenburg and a development office in Lund. The company is listed on Nasdaq Stockholm First North under the ticker: ENERS. www.enersize.com*
