## **Medals of War launched in MEA region by Netmarble EMEA**

**Nitro Games announced “Medals of War” is now available in MEA region on Android and iOS distributed by Netmarble EMEA, the regional office of Netmarble Games, one of the fastest growing mobile gaming companies in the world today.**

*“We’re glad to see Medals of War launching in the MEA region. We’ve put a lot of effort into this version of the game through our collaboration with Netmarble EMEA. Medals of War has been localized carefully to suit the local taste, by combining our team with the strong local market expertise of Netmarble EMEA.”* says Jussi Tähtinen, CEO & Co-Founder, Nitro Games Oyj.

Mr. Barış Özistek, CEO, Netmarble EMEA says *“We believe that the localized content and the competitive game play of Medals of War would conquer the hearts of passionate gamers in MEA region. Strategy games are among the most popular and dominant genres in MEA region. I am fully confident in the highly talented development capability of Nitro Games in strategy games and this will be a long-lasting and productive partnership between teams.”*

This launch follows Nitro Games’ strategy where the company is self-publishing its games in the western markets and accessing other markets via publishing partners. Before this launch, the game has been available on selected test markets in the MEA region and optimized based on the data and feedback collected from players. Medals of War is available with different localized names in the MEA region.

Medals of War is a community-focused game that brings players together with their friends. Players are matched with each other in intense PvP combat – in real-time! The aim is to level up and hone your skills to be the best commander in Warland.
