About Bioservo Technologies

Bioservo Technologies AB (publ) is a technology and development company that combines medical science with modern robotics. The company holds a leading global position within soft exoskeleton technology – wearable non-invasive devices – for people in need of extra power to optimize the body's endurance and performance, or for people with reduced muscle strength. Bioservo Technologies was founded in 2006 in collaboration between researchers at the Royal Institute of Technology and a doctor at Karolinska Hospital. Bioservo Technologies is a Swedish public limited company with headquarters in Stockholm.

FNCA Sweden AB, +46(0)8 528 00399, info@fnca.se is the Company's Certified Adviser on Nasdaq First North Growth Market.
