OmniCar Holding AB invites investors to webinar about Q2 report and KPIs

In continuation of our Q2 interim report, OmniCar invites all investors to participate in a webinar where key figures and future KPIs in OmniCar's business will be presented. All participants are welcome to ask questions.

Since the introduction of the strategy and pricing model OmniCar has received questions from investors about targets and KPIs. To answer all questions, OmniCar has decided to invite all investors to a webinar on **11 September 2018 at 11:00 am to 11:30 am**. Claus T. Hansen, Group CEO at OmniCar Holding AB, will present the key figures and talk about the year ahead, including the new strategy and future KPIs. All participants are welcome to submit questions prior to the meeting at info@omnicar.dk.

Claus T. Hansen, Group CEO OmniCar Holding AB says:

"After we presented our new price structure and strategy there has been a lot of interest from investors. Therefore, we would like to invite all investors to our webinar where we will focus on the annual report and our new KPIs. We hope to see a lot of our investors, and we are looking very much forward to sharing the information with you."

OmniCar Holding AB published its Q2 interim report on 31 August 2018.

About OmniCar

The IT company OmniCar has developed a unique software solution called SAM (Service Agreement Manager) for vehicle repair shops and car dealers. SAM is a digital tool that is designed to automatically manage future sales and service agreements. SAM helps vehicle repair shops and car dealers to manage and sell far more service contracts than before, using customized additional services and subscription-based services that follow each car throughout its lifecycle.
