

## Offtake with Barton Group for Engebø garnet expanded

*Barton Group ("Barton") and Nordic Mining (the "Parties") have agreed to expand the agreement for offtake of garnet to North America to additionally include the South-America and Central America regions. The Parties are in the process of completing detailed agreements related to garnet offtake.*

In 2017, the Parties entered into a Heads of Agreement ("HOA") for offtake and commercial cooperation of garnet from the Engebø rutile and garnet project (the "Engebø Project"). The Parties have now agreed to expand the exclusive offtake arrangement of garnet to additionally include the South-America and Central America regions. Other elements of the HOA remains unaltered and the Parties are in the process of completing detailed agreements.

Barton is a substantial producer and distributor of garnet with more than 40 warehouses and an experienced marketing and technology organization supporting customers all over the continent. The garnet will be sold and distributed under Barton's brand name for high-quality products.
