Certified Adviser

FNCA Sweden AB is assigned as Certified Adviser, info@fnca.se.

About NextCell Pharma AB

NextCell is a cell therapy company in Phase 2 trials with the drug candidate ProTrans for the treatment of type 1 diabetes. The focus is to obtain market approval of ProTrans via a Phase 3 trial. In addition to type 1 diabetes, ProTrans is used in two clinical trials for COVID-19, in Örebro and in Montreal, Canada. The company is in the process of establishing its own GMP-facility for the production of ProTrans. Furthermore, NextCell owns 8.5% in FamicordTX, a CAR-T start-up in oncology, and 100% of Cellaviva, Scandinavia's largest private stem cell bank licensed by the Swedish Health Authority (IVO) to preserve and store stem cells from umbilical cord blood and umbilical cord tissue for family use.
