About Realfiction

Founded in Denmark in 2008, Realfiction is a market innovator within mixed-reality solutions, a market estimated to reach USD 80 billion in 2025. Realfiction's first product, Dreamoc, has since its launch sold over 10.000 units, and the company is now launching its new patent-pending technology DeepFrame, a series of ground-breaking large format mixed-reality screens. DeepFrame offers a wealth of new applications for companies across industries such as entertainment, manufacturing and retail, as well as a broad range of future consumer products.
