

## DANISH GAMING LICENSE EXTENDED FOR ASPIRE GLOBAL

Aspire Global has been granted an extension of its Danish iGaming license until 2023, enabling further operations in the regulated Danish market.

Aspire Global has been operating under a gaming license in Denmark for six years. The Danish license has now been prolonged until 2023, enabling continued operations in the regulated Danish iGaming market.

“We continue to focus the geographic expansion to regulated or soon-to-be regulated markets, as these market conditions enable interesting business opportunities, increased competitive advantages and a more sustainable business for us as a full-service platform provider”, says Tsachi Maimon, CEO of Aspire Global.

Aspire Global currently is active in six regulated markets and will be applying for a Swedish license in time for the re-regulation of the Swedish gaming market in the beginning of 2019, following a recent bill proposed in April.
