NEW PARTNERSHIP FOR GAMES WITH LEADING EUROPEAN GAMING OPERATOR PAF

Aspire Global's Pariplay has signed a partnership for games with **PAF**, a leading European gaming operator. The agreement will give Paf access to more than 14,000 games on Pariplay's Fusion™ platform.

Pariplay's comprehensive portfolio contains all of the proprietary slots, as well as thousands of others from the industry's most sought-after studios. The titles will soon be available to Paf customers.

Paf is an international gaming company founded on the Åland Islands in the Baltic Sea in 1966 with the mission to generate profit to be used for the benefit of society. Paf created one of the world's very first online gaming sites, launched in 1999.

Kim Johansson, Chief Gaming Officer at Paf, said: "Giving consumers variety and choice is incredibly important when it comes to staying ahead of our competitors. By offering them the great games that are delivered by the Fusion™ platform we are doing that – and we are looking forward to seeing the partnership bear fruit in the coming months."

Adrian Bailey, Managing Director at Pariplay, said: "The new partnership is of particular significance given the status of Paf and its geographical reach. Paf is one of the leading names in European gaming and we are very excited to be working with them. Their huge customer base will enjoy not only from the quantity of games available, but the sheer quality contained within the range."

As well as a comprehensive selection of localised games, Fusion™ comes with a range of conversion, retention and bonus tool mechanics and it is licensed in more than 16 regulated markets.
