– Cabonline continued to improve profits in the third quarter, mainly due to earlier acquisitions and reduced costs in the Swedish operation, says Peter Viinapuu, CEO. It was especially gratifying that Stockholm County Council, in September, decided to give TaxiKurir and Sverigetaxi renewed confidence in operating mobility service taxi services from 1 April 2019 until 31 March 2022, with the possibility of extension for an additional year. Cabonline received the highest ranking in terms of quality among all tenderers. As a result, Cabonline was awarded more than 96 percent of the total travel volume. Stockholm County Council estimates the total value of the contract at approximately SEK 800 million per year. The contract confirms our leading position in a strategically important part of the Nordic market.
