## Cabonline to continue delivering trusted service trips in Örebro

**Starting in the summer of 2026, Cabonline has been awarded renewed trust to deliver community-funded service trips in Region Örebro. The assignment includes mobility services for the elderly, school transport, patient travel and other essential journeys — reflecting both a continued and expanded presence in the region. The new five-year contract has an estimated total value of approximately SEK 525 million.**

Cabonline has been awarded three service packages in Region Örebro, covering special vehicles and passenger cars in Örebro, Lindesberg, Karlskoga, and Degerfors. The assignment includes a total of 111 vehicles — 68 special vehicles and 43 passenger cars — and encompasses various service trips, including mobility services, school transport, national special transport, patient journeys, day-care transport, and supplementary traffic.

“This new agreement enables us to continue developing safe, accessible, and sustainable travel solutions across the region. For our drivers, transport partners, and local offices, it means long-term stability and new opportunities for growth,” says Christer Holmlund, Project Manager at Cabonline.

With established operations in Örebro, Lindesberg, Karlskoga, and Degerfors, Cabonline can offer high availability, short response times, and well-established workflows — enhancing confidence and safety for both passengers and clients.

The new contract represents a significant increase compared to the previous assignment in the region — from an annual turnover of approximately SEK 62 million to SEK 105 million. Spanning five years, the total contract value amounts to approximately SEK 525 million.

“This is a key assignment that both strengthens and reinforces our position in central Sweden. Being entrusted once again by Region Örebro reflects the value of our local presence, expertise, and strong focus on quality,” says Christer Holmlund.

The agreement results from a public procurement process. The award decision was subject to legal review but has now been confirmed. This assignment is one of several service trip packages procured by Region Örebro County.
