Cabonline continues to provide school transport in Sigtuna in autumn term 2025

Cabonline has been entrusted to continue providing school transport services in Sigtuna Municipality during the autumn term of 2025. This follows an agreement with the municipality pending the outcome of the legal process regarding the latest procurement.

Sigtuna Municipality recently carried out a procurement for school transport, special transport services, and care-related travel. The procurement process and the contract award have been appealed, and while the legal proceedings are ongoing, Cabonline will remain the current provider.

“We are proud to continue delivering school transport for the children of Sigtuna. In a time of uncertainty for students and parents, it is important to ensure a safe and stable start to the school year,” says Christer Holmlund, Head of Public Sector Contracts at Cabonline.

Cabonline has extensive experience in school transport across Sweden and has been responsible for school transport in Sigtuna for nearly four years.

“Safety, punctuality and care define our daily mission. We look forward to continuing to provide high-quality school transport for the students of Sigtuna,” concludes Christer Holmlund.
