Om Touchtech

At Touchtech, we have a mission: to solve retail's challenges with products that delight and inspire. As the company behind the market leading and ground-breaking Endless-Aisle software products — Vendo, Showroom and Lima — we enable retailers around the world to digitalize their retail work-flows using interactive solutions. From car dealerships to retail stores, pop-up concepts to B2B-showrooms, our products are extending what's possible when integrating online with offline, delivering on the promise to increase sales, profitability and enrich customer experience in physical spaces.
