About Touchtech

Touchtech is a digital commerce platform for fashion, serving both wholesale and retail. Touchtech InStore drives in-store sales uplifts of up to 15% in top-performing stores and is used by Jack & Jones (600+ stores), Zizzi and Axel Arigato. Digital Showroom (DSR) powers wholesale at brands including Jack & Jones, ONLY, Name It, Vero Moda, Selected, Pieces and Puma, with thousands of active sellers every month. Our mission is simple: to make selling easy. Touchtech was founded in 2008 by Deniz Chaban and Sebastian Hartman and has been publicly traded on the Spotlight Stock Market since 2017. Learn more about Touchtech at [touchtech.com](https://www.touchtech.com).
