## PRESS RELEASE

# Advania further advances the position within the public sector – new big contract

Caperio AB, part of Advania Sweden, advances the position within the public sector at a brisk pace. Today a new agreement is signed and this time with Jönköping Municipality. The agreement runs for four years and has an estimated value of 130 MSEK, with the possibility of further development

# JÖNKÖPINGS KOMMUN

Advania Sweden's CEO, Tomas Wanselius signed the agreement today, with the Municipality of Jönköping. Advania has the mission to help the municipality to achieve its goals of cost-efficient solutions, functionality, high reliability and a pronounced environmental awareness.

***"This is another feather in the cap for Advania and in line with our strategic investment in the public sector. The agreement is comprehensive and encompasses several areas which suites us very well, because our strength lies in our total offering. Our goal is to be a complete partner of Jönköping Municipality and deliver products and services of the highest quality, throughout the value chain. We approach the task with confidence, based on our long-term experience and expertise in both; hardware, licenses, services and education. We are looking forward to this partnership, says Tomas Wanselius, CEO Advania Sweden.***

The agreement runs for four years and includes the entire municipality and municipal companies, including preschools and schools, as well as the elderly. By agreement, Advania will deliver IT products and services at an estimated value of MSEK 130 for the entire contract period.

**About Advania**

Advania is a Nordic IT corporation, operating in 22 locations in Sweden, Iceland, Norway, and Denmark. The company focuses on helping customers to improve their performance with innovative use of best available IT platforms and services. Advania serves thousands of corporate customers, multinational enterprises, governments and public institutions, big, small and medium-sized companies in all aspects of society.

Advania traces its roots to 1939 when an Icelandic entrepreneur founded an office equipment repair workshop in Reykjavik. In the following decades, three separate branches of IT-companies evolved in three Nordic countries, Iceland, Sweden, and Norway. In 2012 they were braided into one and Advania was formed.
