Westmark Manor to be Released Summer 2020

Today EG7 announces that the title Westmark Manor will be launched in early summer 2020.

Westmark Manor is a story-driven survival game with elements of horror, mystery and the occult. The title is developed by Nodbrim Interactive and is published by Toadman Studios, that is entitled to a share of the revenue generated by the game. The title will initially be digitally distributed through Steam.

Nodbrim Interactive is run by Toadman Studios' own developers and Westmark Manor is the first step in EG7's initiative to support its developers' personal projects.

Comment by Robin Flodin, CEO of EG7:

"Westmark Manor has an important symbolic value for us. With the title, we show that, unlike many other game developers, we encourage our developers to work on their own side projects to promote creativity."

A trailer of the title will be uploaded on the company's website.
