EG7 Presents More Information About '83

Today EG7 presents more information about the own FPS-title '83.

Enad Global 7 (EG7) releases more information about the title '83 today. '83 is a historic first-person shooter (FPS) set in an alternate world where the cold war has instead become hot. The title supports very large simultaneous player numbers (80+) and is developed by the EG7 studio Antimatter Games with support from Toadman Studios. '83 is scheduled to be released 2021-2022.

The update mainly concerns the content of '83 and has been published on Antimatter Games' social media accounts on Facebook, Twitter and Discord. A new video has also been published on the following link:
