

Attana has launched a redesigned website as an initial step in a new communications and marketing plan

Attana has launched a redesigned website at www.attana.com with a new graphic profile along with revised content. The website will be continuously updated to ensure accessibility to relevant information as well as improvements in usability and functionality, as needed.

“As we embark on the next chapter in Attana’s history we want our website to set the tone for all of our upcoming communication- and marketing efforts. We are pleased to now provide our customers, partners, and investors with a better understanding of the many benefits our products and services offer,” comments Teodor Aastrup, CEO Attana.

For more information, please contact:

Teodor Aastrup, CEO Attana AB

The Board of directors for Attana consider that the information in this press release is not likely to have a significant effect on the share price but is of general interest for the shareholders and hence should be communicated.

About Attana

Attana was founded in 2002 with the vision of *in-vitro* characterization of molecular interactions mimicking *in-vivo* conditions. Since then, Attana has developed proprietary label free biosensors for biochemical, crude, sera, and cell-based assays and the Attana Virus Analytics (AVA) platform, a proprietary in-vitro diagnostics (IVD) tool. Attana products and research services are used by Big Pharma, biotech companies and academic institutions within the life sciences. To learn more about our latest services and products, please visit www.attana.com or contact sales@attana.com
