

## Information about Attana's presentation at Stora Aktiedagen on December 1 at 10.30

***On Wednesday December 1 at 10.30, Attana will participate in Aktiespararna's Stora Aktiedag where Attana's CEO, Teodor Aastrup, will give a 20-minute-long presentation followed by a 10-minute-long Q&A.***

The presentation will be held in Swedish and primarily focus on Attana's plan going forward, both short- and long-term within both of its business units – Life Science and Diagnostics.

Preliminary outline:

1. Attana in short
2. Business units
  - a. Attana Life Science
  - b. Attana Diagnostics
3. Macro impacts
4. Action plan 2022-2030
  - a. Corporate development
  - b. Sales & marketing
  - c. Product development
  - d. M&A

The event is live streamed and can be viewed on Aktiespararna's Youtube channel. Listeners are welcome to send questions for Attana to the moderator via sms to 0793479845

**When:** Wednesday, December 1 at 10.30

The Board of directors for Attana consider that the information in this press release is not likely to have a significant effect on the share price but is of general interest for the shareholders and hence should be communicated.

**About Attana**

Attana was founded in 2002 with the vision of *in vitro* characterization of molecular interactions mimicking *in vivo* conditions. Since then, Attana has developed proprietary label free biosensors for biochemical, crude, sera, and cell-based assays and the Attana Virus Analytics (AVA) platform, a proprietary *in vitro* diagnostics (IVD) tool. Attana products and research services are used by Big Pharma, biotech companies and academic institutions within the life sciences.
