24SevenOffice has won a state enterprise organisation on its cloud based ERP system and AI accounting

NSD - Norwegian Centre for Research Data, a national archive and center for research data, has awarded 24SevenOffice a contract to provide a complete cloud-based ERP and accounting system, including the company's AI technology for invoice processing and accounting services.

The contract value is estimated at approximately 3 MNOK over 3 years. After 3 years the contract will automatically be renewed with a 1 year annual contract until cancelled.

24SevenOffice is a leading cloud-based ERP provider with AI powered accounting. The contract with NSD as a government customer confirms the successful strategy of extending 24SevenOffice's customer base into the state and public sector and enterprise market. The contract adds to several exciting cases within the segment for large companies, where HSB and their investment in AI with 24SevenOffice is another great example.

According to the regulations on public procurement, there is a qualifying period so that offers from suppliers that did not win can appeal the decision. Final agreement is made when the contract is signed following the qualifying period which expires October 20th.

This disclosure contains information that 24SevenOffice Scandinavia AB is obliged to make public pursuant to the EU Market Abuse Regulation (EU nr 596/2014). The information was submitted for publication, through the agency of the contact person, on 06-10-2020 15:33 CET.
