"The valuation of GoldBlue is heavily depressed due to our problems with payment providers in China. Now we have new payment solutions and sportsbook is integrated for all our markets. Our new launches in Vietnam, Indonesia and Thailand show strong growth. All pieces of the puzzle are about to fall in place and I believe that we will see a very positive growth in 2019. My decision to tenfold increase my ownership in GoldBlue is based on a strong belief in our development over the next coming years. " - Andre Rodrigues CEO.
