

Solution International strengthens UK leadership in baby bottles and soothers

Bedfordshire - 2026-02-13

Solution International has reinforced its position in the UK baby feeding market, supplying bottles and soothers to the country's four largest grocery retailers: Tesco, Sainsbury's, ASDA and Morrisons.

Demand for durable, BPA-free and convenience-focused feeding products continues to grow as modern parents prioritise safety, practicality and trusted quality. Solution's range reflects this shift, combining compliant materials with features such as anti-colic technology and ergonomic design.

*“Our partnerships with the UK’s leading retailers ensure parents have access to safe, reliable products at scale,” said **David Watts, Operational Director**. “We continue to invest in innovation to meet the evolving needs of families”.*

With strong retail distribution and a clear focus on product development, Solution is well positioned to capitalise on further growth in the UK baby feeding category.
