**Carnegie Investment Bank AB (publ) ("Carnegie") notifies that stabilization measures have been undertaken in Calliditas Therapeutics AB (publ)'s ("Calliditas" or the "Company") shares traded on Nasdaq Stockholm.**

As announced in connection with the offering to acquire newly issued shares in the Company (the "**Offering**") and the listing of the Company's shares on Nasdaq Stockholm, Carnegie may, acting as Sole Global Coordinator, carry out transactions aimed at supporting the market price of the shares at levels above those which might otherwise prevail in the market.

The Sole Global Coordinator is, however, not required to undertake any stabilization and there is no assurance that stabilization will be undertaken. Stabilization, if undertaken, may be discontinued at any time without prior notice. In no event will transactions be effected at levels above the price in the Offering.

The Company has granted the Sole Global Coordinator an over-allotment option, which may be utilized in whole or in part for 30 days from the first day of trading in the Company's shares on Nasdaq Stockholm, to sell up to 2,166,666 additional shares, corresponding to up to 15 percent of the total number of shares encompassed by the Offering, at a price corresponding to the price in the Offering, i.e. SEK 45, to cover any over-allotment in connection with the Offering.
