On 6 November 2020, the board of directors of Moberg Pharma AB (publ) (OMX: MOB) ("Moberg Pharma" or the "Company") announced that the board of directors had resolved to, subject to the approval of the extraordinary general meeting to be held on 1 December 2020 (the "EGM"), carry out a fully guaranteed rights issue of ordinary shares and warrants ("Units") with preferential rights for existing shareholders in the amount of approximately MSEK 150 before transaction costs (the "Rights Issue"). The board of directors of Moberg Pharma today announces the final terms of the Rights Issue. Existing shareholders in Moberg Pharma as of the record date, 3 December 2020, will receive seven (7) unit rights per one (1) existing share. ### **Terms for the Rights Issue**

Shareholders who on the record date, 3 December 2020, are registered shareholders in Moberg Pharma in the share register kept by Euroclear Sweden AB have preferential rights to subscribe for Units in relation to the number of shares held on the record date. The shareholders will receive seven (7) unit rights for each share held on the record date. Six (6) unit rights entitle to subscription of one (1) Unit. In total, a maximum of 23,175,576 Units will be issued. Each Unit consists

of one (1) ordinary share and one (1) warrant issued without cost. The share capital will increase by no more than SEK 2,317,558 through the issue of no more than 23,175,576 ordinary shares. In addition, a maximum of 23,175,576 warrants will be issued. Two (2) warrants entitle to subscription of one (1) ordinary share in the Company during the period 16 March 2022 up to and including 29 March 2022 at a subscription price which is the higher of (i) SEK 6.47 (the subscription price in the Rights Issue), and (ii) 70 per cent of the volume weighted average price for the Company's share on Nasdaq Stockholm during the period 28 February 2022 up to and including 11 March 2022. Upon full exercise of all warrants, the Company's share capital will increase by no more than SEK 1,158,779.

The subscription price has been set to SEK 6.47 per Unit and the issue proceeds are expected to amount to MSEK 150 before deduction of transaction costs relating to the Rights Issue.

In the event that not all Units are subscribed for by exercising unit rights, the board of directors shall, within the maximum limit of the Rights Issue, decide on allotment of Units to the persons that have subscribed for Units without unit rights. In such case, allotment of Units shall firstly be made to the persons that have also subscribed for Units by exercising unit rights, regardless if the subscriber was a registered shareholder on the record date or not, and, in the case of oversubscription, the allotment shall be made in relation (pro-rata) to the quantity of unit rights that was exercised for subscription, and, to the extent this is not possible, by drawing lots. Secondly, allotment of Units shall be granted to other persons that only have applied for subscription without exercising unit rights, and, in the case of over-subscription, allotment shall be made in relation (pro-rata) to the number of Units that each have applied to subscribe for, and, to the extent this is not possible, by drawing lots. Thirdly, the remaining Units shall be allotted to the parties that have undertaken to guarantee the Rights Issue in accordance with their respective guarantee commitment agreements.

The record date to determine which shareholders that are entitled to receive unit rights is 3 December 2020. The last day of trading in the shares including the rights to participate in the Rights Issue is 1 December 2020. Subscription shall be made during the subscription period, 7 December 2020 up to and including 21 December 2020. Trading in unit rights is expected to take place from 7 December 2020 up to and including 17 December 2020 at Nasdaq Stockholm. Trading in paid subscribed Units (BTU) is expected to take place from 7 December 2020 up to and including 14 January 2021 at Nasdaq Stockholm. BTUs are expected to be converted to ordinary shares and warrants on 20 January 2021.

The board of directors will apply for admission to trading of the new shares and the warrants at Nasdaq Stockholm, and the first day of trading is expected to be 20 January 2021.

Shareholders that do not participate in the Rights Issue will be subject to a dilutive effect of no more than approximately 63 percent at full subscription in the Rights Issue and full exercise of all warrants. However, the shareholders have the possibility to partly be financially compensated for this dilution by selling their unit rights.

## **EGM**

The Rights Issue is conditional upon the approval of the EGM which will be held on 1 December 2020. The notice to the EGM is available at Moberg Pharma's website.

It is proposed that the EGM, among other things, shall approve the distribution of all of the shares that Moberg Pharma holds in the subsidiary OncoZenge AB as of the record date for the distribution through a so-called Lex ASEA distribution, whereas ten (10) shares in Moberg Pharma as of the record date will entitle to one (1) share in OncoZenge. The distribution will comprise all of Moberg Pharma's shares in OncoZenge as of the record date, which is expected to be no more than approximately 75 percent of the shares in OncoZenge, taking into account the directed issue of shares which OncoZenge is expected to carry out and which has been announced by Moberg Pharma and OncoZenge on 16 November 2020. The record date for the distribution is expected to be in January/February 2021, which means that the shares issued in the Rights Issue will entitle to shares in the Lex ASEA distribution.
