

PRESS RELEASE OCTOBER 26th, 2012

CLARIFICATION REGARDING DISCLOSURE NOTICES

As previously announced, Moberg Derma is conducting a directed share issue in connection with the company's acquisition of its U.S. distributor Alterna LLC. In conjunction with subscription of the new shares, delivery will initially take place through a share lending agreement entered into between the issuing agent and Östersjöstiftelsen. As a consequence, and pending registration of the rights issue, Östersjöstiftelsen has temporarily reduced its holding in Moberg Derma and the holding of AP3 (the Third Swedish National Pension Fund) is temporarily exceeding 5 percent of the company's shares and votes. After completion of the share issue, Östersjöstiftelsen will regain the lent shares. Once the share issue is registered, the ownership of AP3 will decrease as a result of the higher number of shares in the company.
