

Acuvi provides updated program for Business Update on 20 November

Acuvi has previously communicated its intention to hold a Capital Markets Day on 20 November 2025. Since then, the company has undergone a CEO transition, with Nils Sjöholm assuming the role as the new Chief Executive Officer.

Against this background, the format and content of the day have been adjusted. Instead of a traditional Capital Markets Day, Acuvi will host a Business Update focusing on an overview of the company, the strategic direction ahead, and a personal introduction by the new CEO.

Date and time

20 November 2025
10.00 CET

The presentation is expected to last approximately 30 minutes followed by a Q and A session. Viewers will be able to submit questions through the live chat during the broadcast.

Digital participation

Follow the event live at:

About Acuvi

The demand for ever higher precision is increasing in areas such as medical technology, the semiconductor industry and automation. Acuvi is a corporate group that provides unique technologies and advanced systems to support this development. Our customers manufacture, for example, surgical robots, semiconductor production equipment and diagnostic systems. Acuvi has its own local presence in Europe and the United States. The head office is located in Uppsala and the share is traded on Nasdaq First North Growth Market.
