

## Smoltek announces change in management

**Smoltek Nanotech Holding AB (publ) (“Smoltek” or the “Company”) announces that Pia Tegborg is leaving her role as CFO after seven years with the company. The board has taken steps to ensure continuity in the financial function and the recruitment process for a new CFO has begun.**

Pia Tegborg will remain in her role during the notice period, ensuring a stable transition of responsibilities. Smoltek thanks Pia for her long-term commitment and for the significant contributions she has made to the company's structure and development over the past years. The board has immediately initiated the process of recruiting a successor.

– We would like to extend a big and warm thank you to Pia for her dedicated work and valuable contributions during her seven years at Smoltek. She has been a highly valued colleague and we wish her all the best in the future, says Magnus Andersson, CEO of Smoltek.

Smoltek Nanotech Holding is a public deeptech company that provides a technology that enables the production of conductive nanostructures on various materials. The company's nanostructure manufacturing technology can be used in several industrial sectors. Customers are found in the global process industry and semiconductors. The products that the company develops are used in equipment to produce fossil-free hydrogen and in semiconductors to further miniaturize microchips. The company protects its unique carbon nanotechnology through an extensive patent portfolio. Smoltek's share is listed on the Spotlight Stock Market under the ticker SMOL. Smoltek is a development company and forward-looking statements regarding time to market, production volume and price levels should be interpreted as forecasts and not commitments.
