

Press release Smoltek Nanotech Holding AB (publ)

2026-06-02

This press release is an English version of the previously published Swedish version, which has interpretive precedence.

Smoltek presents at Aktiedagarna in Stockholm, Wednesday June 10

Smoltek Nanotech Holding AB (publ) (“Smoltek” or “the Company”) announces that CEO, Magnus Andersson, will present the company at Aktiespararna’s event Aktiedagen in Stockholm, Wednesday, June 10. The presentation will be approximately 15 minutes long, followed by a 10-minute question and answer session. The presentation will also be broadcast live on www.aktiespararna.se.

On Wednesday, June 10th at 10:30–11:00, Smoltek will participate in Aktiespararna's event Aktiedagarna in Stockholm. The company's CEO, Magnus Andersson, will present the company on site and answer questions after the presentation.

We invite you as a journalist, analyst and shareholder to take part in the presentation live on the web, via www.aktiespararna.se. The event is open to everyone and does not require membership with Aktiespararna. No registration is required to follow the event.

Smoltek Nanotech Holding is a public technology company that provides a technology that enables the production of conductive nanostructures on various materials. The company's technology multiplies the actual surface area for electrical and chemical processes and can be used in several industrial sectors. Customers are found in semiconductors and the global process industry. The products that the company develops are used as infrastructure components for stable power supply to microchips as well as electrodes and coating of surface structures in applications for the production

and use of fossil-free hydrogen. The company protects its carbon nanotechnology through an extensive patent portfolio. Smoltek's share is listed on the Spotlight Stock Market under the ticker symbol SMOL. Smoltek is a development company and forward-looking statements regarding time to market, production volume and price levels should be interpreted as forecasts and not commitments.
